Program Overview: This course is designed to provide the practicing occupational health nurse/case manager information to broaden their skill sets in managing workers' compensation and non-occupational, motor vehicle/no-fault, general liability and medical claims of (primarily) adult populations. Issues associated with disease management, health promotion, productivity management, on-site clinics, insurance, legal and regulatory issues, managed care, quality programs, and case management standards of practice will be addressed. This is a two-day course and will include a detailed syllabus. Many OHNs and Case Managers have taken this course as a case management practice enhancement course or certification review program. To be fair to students not taking exams, optional detailed exam discussion is done with the instructor during lunch breaks and after class.

Continuing Education Credits/CEUs: This 2-day program has been approved for a total of 16.25 contact hours (60 minutes) by California Board of Registered Nursing Provider No. CEP13533.

Fee: \$695 until September 12, 2013 \$795 after September 13, 2013

\$50 discount for AAOHN, AOHP & CMSA members - must provide a copy of current membership card with registration form. \$100 discount for new member application to AAOHN, AOHP, CMSA. Call for details.
